THE STATIONMEN WANT VACATIONS

Similar to Those Granted the
Patrolmen.

They Must Spend Ten Days Out of
Eleven at the Station Houses
Except When at Meals.

ARE TO PETITION THE COUNCIL.

The members of the Paducah fire department will ask the legislative boards to grant them a ten-days' lay off each year similar to the vacations granted the police, beginning with the first of the year.

"We firemen have a hard time and our jobs are not so eagerly sought after as you might think," a well known fireman stated this morning. "We get one day off every eleven days, but we are constantly on duty and can be no further than one block from the station at any time except when off duty. We have to be subjected to all kinds of weather. We think the boards will give us the ten days straight lay off the same as police in addition to the regular one-day lay off given at present."

The petition will be drawn up and presented to the boards before the first of the year. Paducah has an excellent fire department in fact, one of the most perfect in the country for its size, and this fact was attested by Chief Edmund Tyson, of the Louisville fire department, who visited Chief Wood and the commissioners during the horse show.

The boys all work hard and deserve a great deal of credit, and it is thought their requests will be granted.

A QUESTION OF COST.

In any number of stores you'll see various preparations of cod liver oil at as many different prices. You'll wonder, perhaps, why Scott's Emulsion costs more than some other kind in as large a bottle. Hearing only one side of the question you may be led into buying the "just as good as Scott's" at the lower price. That's false economy. Scott's Emulsion costs more because its more expensive to make. Every ingredient is tested and guaranteed of the purest quality. No adulteration, no shaving of quality. There's no economy in bargain medicine. If you can afford to experiment with your health, substitutes may satisfy you. We take it, however, that you want a pure preparation, a reliable remedy and something that's going to help you. That's what you get in Scott's Emulsion. Thirty years the standard.

NEW SECRETARY.

Has Been Added to the Working
Force of the State Y. M. C. A.

The state executive committee of the Young Men's Christian Association of Kentucky has taken a forward step in the development of the association work throughout the state. A large number of building movements are in progress and in prospect and the calls upon the state committee for co-operation in these canvasses have necessitated the employment of a special secretary.

W. A. House, for the past seven years general secretary of the Covington, Ky., association, and formerly secretary at Owensboro, has been added to the force of secretaries of the state committee, beginning November 1 and his entire time will be given to the organization and conduct of building canvasses in the state.

TO THE PUBLIC.

I am an independent candidate for coroner of McCracken county, and as I have been unable to get around and see my friends and other voters, I respectfully ask them to consider my candidacy before casting their votes. I have lived in Paducah all my life, and am perfectly familiar with the duties of office, having served for many years as coroner, and am willing and promise to if elected, discharge those duties to the best of my ability.

Says He Was Robbed of \$7.

John Lowney, white, appeared at the police station this morning and reported that he had been robbed of about \$7 by unknown persons in a saloon. The man seemed to be drinking and could not give an intelligent account of the alleged robbery. He claimed that some one cut his pocket and took the money from him forcibly. No clues were left and little can be learned by the police.

C. will still continue to use the city water, but the major part of the supply will be from the river.

COMPANY SUES.

To Decide Who Is to Collect H. A. Rose's \$10,000 Policy.

A suit was filed in circuit court today by the National Life Insurance Co., of Vermont, against F. G. Rudolph, administrator of the late H. A. Rose, the Kentucky Mill and Lumber company and the Western National bank of Louisville, for the purpose of deciding which of the three defendants is to collect a life insurance policy.

Rose was insured in this company for \$10,000 for the benefit of the Kentucky Mill and Lumber Co. The petition states that the Kentucky Mill and Lumber company pledged or is alleged to have pledged the policy to the Western National bank for a loan, but the insurance company has no proof that any loan was made.

F. G. Rudolph, as administrator, is demanding the money, and the bank declines to surrender the policy. The petition asks that the court direct the payment of the money.

BULLET WHIZZED CLOSE TO W. B. SMITH

Former Banker Leaves for His
Father's Home.

Stray Shot Into a Train Comes Near
Hitting the Former Paducah
Financier.

HIS CASE SET FOR MARCH 13

Louisville, Ky., Nov. 2.—W. B. Smith, former president of the Western National bank, who surrendered yesterday in the office of the United States clerk, and gave bond in \$5,000 to answer indictments charging him with having misapplied money, made false entries and embezzled \$50,000 of the bank's funds, has gone to the home of his father, C. A. Smith, in Henry county, Ky. His wife and children accompanied him.

While riding on an L. and N. train, and near Jericho, Ky., Smith narrowly escaped being hit by a stray bullet fired through the train by an unknown person. The ball whizzed close to the face of Smith and Mrs. S. H. Valentine, of New Castle, and lodged in the side of the car. The incident caused considerable excitement among the passengers. A few days ago a passenger train was stoned in the same locality.

Before he left Louisville, Smith said that he expected to remain in Louisville permanently, and that he would secure a residence for himself, wife and little girl as soon as possible.

On the advice of his counsel, he declined to say what his defense would be, but he indicated that he would be able to prove his innocence to the satisfaction of a jury.

The case was set for trial on March 13, which is the first day of the spring term of the United States district court.

STRANGE EPIDEMIC

AFFECTS COLORED CHILDREN
IN WORTEN'S ADDITION.

Symptoms Are of Scarlet Fever and
Health Officer Graves Flags
the Houses.

An epidemic that is puzzling the doctors is raging among colored people in Worten's Southside addition. Dr. B. B. Griffith thinks it may be scarlet fever, but is not certain.

Yesterday afternoon an old darky who used to work for Dr. Griffith and who is now residing in Worten's addition, telephoned him to come and see what was the matter with his children. He responded and found that the children were suffering from symptoms of scarlet fever. Dr. Griffith says that a case of scarlet fever is seldom found in a colored family as that race does not seem to be susceptible to it.

He called City Health Officer W. T. Graves and he was also suspicious of it being scarlet fever and flagged every case. There are about forty or fifty cases in this one locality. Some of the children are still sick and some have recovered without calling in a doctor.

Dr. Griffith says that usually a throat, ear or nose affection follows scarlet fever, also, generally there is a kidney trouble, but in these cases nothing of the kind has followed. It is Dr. Griffith's opinion that if the disease is not scarlet fever that it is "German measles." It is mild and there have been no deaths from it. Whatever the disease is it is contagious.

LIQUID VENEER MAKES OLD THINGS NEW

Liquid Veneer is a wonder! It will make the whole interior of your house shine like new, making re-finishing or re-varnishing entirely unnecessary. It is not a varnish, but a surface food and cleaner, building up the original finish and making it brighter than ever. It is applied with a piece of cheese cloth and no experience is necessary. No drying to wait for. Removes all scratches, stains, dirt, dullness. It can be applied to any finish with beneficial results. Natural wood, as well as any color of paint, will be better for an application of Liquid Veneer.

Liquid Veneer will improve even the most beautiful furniture. It will take that smoky look from the Piano and other Mahogany, and is highly beneficial to Golden Oak, White Walnut, Gilt, Silver and other finishes. Liquid Veneer sells at 50 cents a bottle, and a bottle is enough to renovate the ordinary home. Try it and you will always buy it.
